

Equipment	Pipette
Business unit	NMAL
Laboratory	Microbiology
Req	
Date	

General pipette requirements	Indicate requirements		
<b>Specifications:</b>			
<b>5 pipettes requested</b>		Compliant	Non compliant
Pipette designed to accurately pipette microlitre (µl) amounts of liquid	10 - 100uL		
Pipette designed to accurately pipette microlitre (µl) amounts of liquid	20 - 200uL		
Pipette designed to accurately pipette microlitre (µl) amounts of liquid	100 - 100uL		
Pipette designed to accurately pipette microlitre (µl) amounts of liquid			
Pipette designed to accurately pipette microlitre (µl) amounts of liquid	0,1-2ul		
Pipette - single channel	Single channel		
If multi channel - how many channels is required	N/A		
Fixed or variable volume setting	Variable		
Range of volume setting for single channel (in µl)	0,1-2, 10 - 100, 20 - 200, 100 - 1000		
Range of volume setting for multichannel channel (in µl)	N/A		
Digital display	Optional		
Pipette rack/stand	Yes		
Warranty period	1 year minimum		
Delivery period	6 weeks		
Calibration certificate	Yes		
<b>2. Additional Requirements</b>			
Operators manual	Yes		
Equipment already in-place and in-use in the NHLS	N/A
